Dear Mr. Munson:

The Resource Development Coordinating Committee (RDCC), representing the State of Utah, has reviewed this proposal. The Division of Air Quality comments:

The proposed Daggett Mine project is subject to Utah Air Conservation Rules (UACR) R307-205, Fugitive Emissions and Fugitive Dust, since fugitive dust emissions will be generated during mining activities. In addition, a Notice of Intent should be filed to the Division of Air Quality at 150 N. 1950 West, Salt Lake City, Utah 84116 if any on-site crushing of stone occurs.

The Committee appreciates the opportunity to review this proposal. Please direct any other written questions regarding this correspondence to the Utah State Clearinghouse at the above address or call Carolyn Wright at (801) 538-1535 or John Harja at (801) 538-1559.

Sincerely,

  
Natalie Gochnour  
State Planning Coordinator
